SERICOM ITALIA S.r.L. product are formulated with raw materials listed in TSCA_Inventory update 08/01/2023; the exceptions are listed below:

CE: 918-668-5 15,60%

CAS: 9016-00-6 0,91%

The information above reported are based on raw material composition stated in Their respective MSDS and their percentage in final formulations; reporting impurities below 0.1% or substances not classified as hazardous is not mandatory. Therefore this statement does not include neither these categories of materials nor materials not identified by a CAS number.

Contamination of final printed products may arise from sources outside of SERICOM ITALIA control [processing, stockpiling, ecc...]; in order to ensure specific market regulation, testing of the final printed product is therefore necessary
